

We are Knights! Sensory Story

Joe white

We are knights, we are knights!
Brave and strong we love to fight.

Hang on a sec I've lost my sword.
It's shiny, long, and made of steel
Oh there it is behind that wheel.

We are knights, we are knights!
Brave and strong we love to fight.

Hang on a sec I've lost my helmet
With a feather on top, it protects my head
Oh there it is underneath my bed.

We are knights, we are knights!
Brave and strong we love to fight.

Hang on a sec I've lost my shield
It's painted with a scary red lion.
Oh there it is on top of Brian.

We are knights, we are knights!
Brave and strong we love to fight.

Hang on a sec I've lost my horse
It's tall and brown covered in hair.
Oh look, it's hiding under that chair.

We are knights, we are knights!
Brave and strong we love to fight.

Hang on a sec I've lost my flag.
Huge bright fabric waving in the air
Oh look someone left it on the stairs.

We are knights, we are knights!
Brave and strong we love to fight.

Hang on a sec I've lost my gloves
Chain mail made of metal rings
Oh look there they are behind the king!

We are knights, we are knights!
Brave and strong we love to fight.

The King on his throne commands
"The situation really is quite dire
You must fight the dragon and his fire!"

We are knights, we are knights!
Brave and strong we love to fight.

Just um.. Little, tiny enemies
Not dragons big and scary!
I can fight mice, small and furry.

We are knights, we are knights!
Mice and earthworms we will fight.

We need to come up with a plan
We will make the dragon tea.
Ask him nicely to let us be.

You knights are a disgrace
Go on shoo.. Leave this place.
